***RE: Petition of the Cape Light Compact Seeking Certification of
Amended Energy Efficiency Plan, DTE 03-39***

Dear Secretary Cottrell:

I am writing to inform the Department of Telecommunications and Energy (the "Department") that the Board of Selectmen for the Town of Bourne supports the Cape Light Compact Energy Efficiency Plan, Phase II, 2003 -2007 (the "Phase II Plan") that is currently being reviewed by the Department in DTE 03-39. Since the Cape Light Compact's original Energy Efficiency Plan ("EEP") was approved by the Department in 2001, the Town of Bourne has experienced substantial benefits from its programs, including over \$40,000 in annual savings through the purchase of our streetlights and close to \$7,000 on the town's new community center building. On behalf of the Town of Bourne, I am urging you to conduct an expeditious review of the Phase II Plan, and to approve the Phase II Plan in its entirety.

Very truly yours,

Mark A. Tirrell, Chairman
Bourne Board of Selectman

cc. Jeffrey M. Bernstein, Esq.
